**B**E IT enacted, by the Mayor and Council of the Corporation of the City of Victoria, as follows:—  
Section 1.—That F. F. Clark, C. G. Perkins and J. F. McIntyre, of Port Townsend, W. T., and F. G. Richards, Jr., of Victoria, Province of British Columbia, and their assigns, hereinafter called "grantees," be and they hereby are granted, for the period of fifty years, the right and privilege of erecting, constructing, maintaining, and operating and using in, along, and over and under any and all the streets of the City of Victoria, what is known as the District Telegraph System.

Section 2.—The said grantees shall have the right to and shall erect the poles and stretch the wires of their said Telegraph System so as not to interfere with the free and unobstructed use of the streets for travel, and shall erect the poles of their telegraph at such points in the streets and place the wires of their telegraph at such points and at such height as shall be designated by the Street Committee of said City. Said poles shall be dressed and painted in a neat and satisfactory manner, and shall not be less than thirty (30) feet in height and properly proportioned throughout, subject to the direction and control of the Committee on street improvements of said City.

Section 3.—That whenever it shall become necessary for the erection or repair of such telegraph for said grantees to dig into or in any manner interfere with any public street or any part thereof, the grantees and their assigns shall have the right so to do, and shall without delay put the street in as good condition as it was before it was so broken up, dug or disturbed, and shall remove from the street all surplus sand, earth, rubbish or other material caused thereby.

Section 4.—That whenever any person or persons, company or corporation, shall have obtained permission of the Committee on streets and public property to remove any building, structure or edifice through any street or streets of said City of Victoria, with which the lines or wires of the grantees in any manner interfere, the said grantees shall, upon twenty-four hours' notice from such person or persons, company or corporation, raise or remove said lines or wires so as to allow free and unobstructed passage of any such building, structure or edifice, and if the said grantees shall neglect or refuse upon such notice to remove or raise such line or lines, said line or lines shall be removed or raised by the Street Commissioner at the expense of said grantees so as to admit of the free passage of such building or other edifice or structure.

Section 5.—That whenever it shall be necessary in grading any street or alley of said City, or in building any sidewalk, or making any other improvement thereon, to remove any pole or poles belonging to said grantees, or on which any line or lines, wire or wires, belonging to said grantees shall be stretched or fastened, the said grantees shall, upon receiving twenty-four hours' notice from the contractor or other person having charge of such grading or other improvement, remove such pole or poles, and if said grantees upon such notice shall neglect or refuse to move such pole

Section 6.—That it shall be unlawful for any person, unless authorized by said grantees, to interfere, meddle with, injure or remove any of the telegraph poles, wires, boxes or apparatus belonging or appertaining to said telegraph system. Provided, however, that the poles and other apparatus of said grantees may be removed in the manner provided in Section 5 hereof.

Section 7.—That the said grantees hereby agree and covenant to indemnify the Corporation of the City of Victoria from any injury arising from or any casualty or accident to person or property by reason of any neglect or omission to keep said poles and wires in a safe condition, and for all valid claims against said City for damages caused by said poles or wires, or by any works, alterations, repairs or improvements in connection with the works herein contemplated.

Section 8.—That the Corporation of the City of Victoria reserves the right to repeal or amend this by-law whenever in the judgment of the Common Council of said City an amendment or repeal is necessary, having due regard, however, for the vested rights of the parties hereunder.

Section 9.—In the construction of the works herein contemplated the said grantees shall use the poles in the principal streets of the City at present used by the Telephone and Victoria Electric Illuminating Company, so far as possible, so as to avoid the erecting of any additional poles on said streets.

Section 10.—That the said company shall file the acceptance of the conditions hereof and commence the work of construction within six months from the date of the approval hereof, otherwise this by-law shall be null and void.

Section 11.—This by-law shall take effect and be of force upon the filing of said acceptance, and from and after the same shall have been published for seven days.

Section 12.—That the grantees shall, whenever ordered by the Corporation of the City of Victoria, place their wires under-ground, and in respect of removing and so placing of their wires under-ground shall have no claim upon said Corporation in respect of vested rights or otherwise; provided, however, that said Corporation shall not so order said grantees unless a general order to the same effect be issued to other persons or companies having overhead wires in the streets of said City.
